When you schedule an oil change at Cliff’s Automotive in Terryville, you’ll get more than just that service. You get hands-on attention from a one man operation along with a 16 point inspection.

Cliff Jones, owner and sole operator of Cliff’s Automotive, has been an automotive technician for 33 years. His shop, which was previously located in Bristol, is located on Main Street in Terryville and has been in business for 12 years.

“Terryville is a great area, great town, with a fabulous customer base through word of mouth,” boasts Jones.

Jones handles all aspects of the business, from meeting with customers to talking them through a repair to showing them what needs to be done and what their options are. He offers fair and honest repairs and if needed, will recommend a customer to someone if the repair is beyond his capabilties.

His shop handles many repairs, from tune ups to brakes and tires to maintenance light issues.

“Regular maintenance is key,” Jones said. “If you hear a problem, get it looked at.”

Regular maintenance includes having Jones check the car’s fluids, belts and tires for normal wear and replacing as needed.

“Tires are the only things that keep you connected to the road,” he said. “Most of the time, tires are underinflated. I’ve been a mechanic for 33 years and even I can’t tell by looking at them. You should always check using a tire pressure gauge.”

Jones said hot weather can also cause a lot of stress to car batteries.

Cliff’s Automotive has received the “Best of Bristol Award” for 10 out of the last 12 years, including this year. He also earned the “Best of Terryville Award” and “Best Place to Purchase Tires Award” for 2020.

“If your car is in despair, call Cliff Jones will give your repair needs his sole attention.

Cliff for repairs,” is the business tagline.

Cliff’s Automotive, established in 2008, has held a longstanding reputation of being honest and fair. Cliff’s Automotive is an all-around car repair shop. If there is any aspect of your vehicle giving you trouble, or if you simply have a common car repair question, give Cliff at Cliff’s Automotive a call to find out how you can get your car into better shape.

Cliff’s Automotive is ASE Certified and has maintained an A+ rating from the Better Business Bureau since 2016.
